

Safety data sheet

according to 1907/2006/EC, Article 31

Page 1/7

Printing date 10.03.2018 Revision: 05.03.2018 Version number 5

SECTION 1: Identification of the substance/mixtu undertaking	ire and of the company/			
· 1.1 Product identifier				
· Trade name: Incubator-Clean				
 Article number: A5230 Registration number A registration number A registration number is not available for this substance as the substance or its use are exempted from registration according to Article 2 REACH Regulation (EC) No 1907/2006, the annual tonnage does not requiere a registration, the registration is envisaged for a later registration deadline or it is a mixture. 1.2 Relevant identified uses of the substance or mixture and uses advised against No further relevant information available. Application of the substance / the mixture Biocide Laboratory chemical 				
 1.3 Details of the supplier of the safety data sheet Manufacturer/Supplier: AppliChem GmbH Ottoweg 4 D-64291 Darmstadt 	Tel.: +49 (0)6151 93570 Fax.: +49 (0)6151 935711 msds@applichem.com			
Further information obtainable from: Dept. Compliance 1.4 Emergency telephone number: +49(0)6151 93570 (Inside norm SECTION 2: Hazards identification	al buisness hours)			
 2.1 Classification of the substance or mixture Classification according to Regulation (EC) No 1272/2008 The product is not classified, according to the CLP regulation. 2.2 Label elements Labelling according to Regulation (EC) No 1272/2008 Void Hazard pictograms Void Signal word Void Hazard statements Void Additional information: Contains biocidal products: Quaternäre Ammoniumverbindungen, ber alkyldimethylchlorid 2.3 Other hazards Results of PBT and vPvB assessment PBT: Not applicable. vPvB: Not applicable. 	nzyl-C12-C16-			
SECTION 3: Composition/information on ingredients				

- · 3.2 Chemical characterisation: Mixtures
- **Description:** Mixture of substances listed below with nonhazardous additions.
- · Dangerous components: Void

(Contd. on page 2)

Trade name: Incubator-Clean

(Contd. of page 1)

Page 2/7

• Additional information: For the wording of the listed hazard phrases refer to section 16.

SECTION 4: First aid measures

- · 4.1 Description of first aid measures
- · General information: No special measures required.
- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact: Wash off with plenty of water. Immediately remove any clothing soiled by the product. If skin irritation continues, consult a doctor.
 After eye contact:
- Rinse opened eye for several minutes under running water. Seek medical treatment.
- After swallowing: Rinse out mouth.
- If symptoms persist consult doctor.
- 4.2 Most important symptoms and effects, both acute and delayed No further relevant information available.
- **4.3 Indication of any immediate medical attention and special treatment needed** No further relevant information available.

SECTION 5: Firefighting measures

- · 5.1 Extinguishing media
- · Suitable extinguishing agents: Water, CO2, foam, powder.
- 5.2 Special hazards arising from the substance or mixture carbon oxides (CO, CO2).
- Ambient fire may liberate hazardous vapeurs.
- 5.3 Advice for firefighters
- · Protective equipment: Wear self-contained respiratory protective device.
- Additional information Dispose of fire debris and contaminated fire fighting water in accordance with official regulations. Contain escaping vapours with water.

SECTION 6: Accidental release measures

- 6.1 Personal precautions, protective equipment and emergency procedures Do not inhale steams/aerosols.
- 6.2 Environmental precautions: Dilute with plenty of water. Do not allow to enter sewers/ surface or ground water.
 6.3 Methods and material for containment and cleaning up:
- Absorb with liquid-binding material (AppliSorb). Clean up affected area.
- 6.4 Reference to other sections
 See Section 7 for information on safe handling.
 See Section 8 for information on personal protection equipment.
 See Section 13 for disposal information.

SECTION 7: Handling and storage

· 7.1 Precautions for safe handling No special precautions are necessary if used correctly.

· Information about fire - and explosion protection: No special measures required.

(Contd. on page 3)

Version number 5

Trade name: Incubator-Clean

(Contd. of page 2)

- · 7.2 Conditions for safe storage, including any incompatibilities
- · Storage:
- Requirements to be met by storerooms and receptacles: No special requirements.
- · Information about storage in one common storage facility: Not required.
- Further information about storage conditions: Protect from frost.
- Keep container sealed. • Recommended storage temperature: +15 - +25°C
- Storage class: 10
- 7.3 Specific end use(s) No further relevant information available.

SECTION 8: Exposure controls/personal protection

- · Additional information about design of technical facilities: No further data; see item 7.
- · 8.1 Control parameters
- · Ingredients with limit values that require monitoring at the workplace:

The product does not contain any relevant quantities of materials with critical values that have to be monitored at the workplace.

• Additional information: The lists valid during the making were used as basis.

· 8.2 Exposure controls

- · Personal protective equipment:
- · General protective and hygienic measures: Change contaminated clothing.
- Respiratory protection: Respiratory protection required when vapours/aerosols are generated.

· Protection of hands:

The glove material has to be impermeable and resistant to the product/ the substance/ the preparation.

Selection of the glove material on consideration of the penetration times, rates of diffusion and the degradation

· Material of gloves

The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. As the product is a preparation of several substances, the resistance of the glove material can not be calculated in advance and has therefore to be checked prior to the application.

Penetration time of glove material

The exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

• For the permanent contact gloves made of the following materials are suitable: Nitrile rubber, NBR Recommended thickness of the material: ≥ 0.11 mm

Value for the permeation: Level \geq 480 min

• As protection from splashes gloves made of the following materials are suitable: Nitrile rubber, NBR

Recommended thickness of the material: ≥ 0.11 mm Value for the permeation: Level ≥ 480 min

· Eye protection: Safety glasses

· Body protection:

Protective work clothing

Protective clothing should be selected specifically for the working place, depending on concentration and quantity of the hazourdous substances handled.

(Contd. on page 4)

Trade name: Incubator-Clean

(Contd. of page 3)

SECTION 9: Physical and chemical properties				
• 9.1 Information on basic physical and chemical properties				
· General Information · Appearance:				
Form:	Fluid			
Colour:	Colourless			
 Odour: Odour threshold: 	Characteristic Not determined.			
· pH-value:	Not determined.			
· Change in condition				
Melting point/freezing point: Initial boiling point and boiling range	Undetermined. : 100 °C			
· Flash point:	>55 °C			
· Flammability (solid, gas):	Not applicable.			
· Ignition temperature:	>300 °C			
Decomposition temperature:	Not determined.			
· Auto-ignition temperature:	Product is not selfigniting.			
· Explosive properties:	Product does not present an explosion hazard.			
· Explosion limits:				
Lower:	Not determined. Not determined.			
Upper:				
· Vapour pressure:	Not determined.			
· Density: · Relative density	Not determined. Not determined.			
· Vapour density	Not determined.			
· Evaporation rate	Not determined.			
· Solubility in / Miscibility with				
water:	Fully miscible.			
· Partition coefficient: n-octanol/water:	Not determined.			
Viscosity:				
Dynamic:	Not determined.			
Kinematic:	Not determined.			
 Solvent content: Organic solvents: 	0.5 %			
• 9.2 Other information	No further relevant information available.			

SECTION 10: Stability and reactivity

· 10.1 Reactivity No dangerous reactions known.

· 10.2 Chemical stability

• Thermal decomposition / conditions to be avoided:

No decomposition if used according to specifications.

• 10.3 Possibility of hazardous reactions No dangerous reactions known.

• 10.4 Conditions to avoid No further relevant information available.

• 10.5 Incompatible materials: No dangerous reactions known.

• 10.6 Hazardous decomposition products: No dangerous decomposition products known.

· Recommendation

Chemicals must be disposed of in compliance with the respective national regulations.

(Contd. on page 6)

Trade name: Incubator-Clean

Smaller quantities can be disposed of with household waste.

Uncleaned packaging:

· Recommendation:

Disposal must be made according to official regulations.

Packagings that may not be cleansed are to be disposed of in the same manner as the product.

SECTION 14: Transport information

· 14.1 UN-Number · ADR, ADN, IMDG, IATA	Void
 · 14.2 UN proper shipping name · ADR, ADN, IMDG, IATA 	Void
· 14.3 Transport hazard class(es)	
· ADR, ADN, IMDG, IATA · Class	Void
 · 14.4 Packing group · ADR, IMDG, IATA 	Void
 · 14.5 Environmental hazards: · Marine pollutant: 	No
· 14.6 Special precautions for user	Not applicable.
 14.7 Transport in bulk according to Annex II o Marpol and the IBC Code 	of Not applicable.
· Transport/Additional information:	Not dangerous according to the above specifications.
· UN "Model Regulation":	Void

SECTION 15: Regulatory information

· 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

· Directive 2012/18/EU

- · Named dangerous substances ANNEX I None of the ingredients is listed.
- · 15.2 Chemical safety assessment: A Chemical Safety Assessment has not been carried out.

SECTION 16: Other information

This information is based on our present knowledge. However, this shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
